School Vaping TEAMS Program

Please reach out if you are interested in learning more, have additional questions, or would like to be notified as program updates roll out.

OVERVIEW

The School Vaping Training, Education, Assistance, Mentorship and Support (TEAMS) Program will support and equip Missouri schools to successfully prevent and reduce student vaping by strengthening policies, practices, partnerships and infrastructure. Schools will apply and create interdisciplinary teams of three - eight.
Applications will be available soon!

WHAT TO EXPECT

- **1 in-person kick-off meeting**
- **Personalized toolkit**
- **6 virtual group-based trainings**
- **Peer-to-peer exchange sessions**
- **Self-assessment tool**
- **Technical assistance, mentoring and consultation**
